PRODUCT WRITE UP

Inspired by the dynamism of a toboggan. This modern look furnishes the living area with the touch of essential harmony. The powder coated steel base is durable and very pleasant to the eye. Its symmetrical shape, synthesis of personality and elegance, perfectly matches with the lightness of the glass top. Rigour and fluidity is the combination from which arises a table that gets its strength from the contrasts: glass and metal, angles and lines, warm and cold materials. Contract Quality.
